Homework Requirements for CSE 5231 – G. Marin

1. Homework will be assigned several times during the semester. The due date for each assignment will be announced in class at the time the homework provided via the web.

2. Homework solutions must be typed (entered via keyboard). Equations must be done using an equation writing tool such as the Microsoft equation editor.

3. Homework solutions are to be printed and submitted at the beginning of our class period (at 3:30pm) on the day that they are due. Solution pages should be organized and stapled together.

4. Late homework will NOT be accepted or graded.

5. The problems must be submitted in the order in which they are assigned (1 through whatever...).

6. All work is to be fully explained using well-written, punctuated sentences. No explanation means a grade of zero.

7. If you must be absent from class, you may slide your homework under the door of my office, but you MUST do this before the start of class on the day that homework is due.

8. If you have a verifiable emergency that prevents the completion of your solutions on time, then usually your homework will not be graded and will not count against you.
